Here is the 3 times table in words.

Try to learn it as soon as you can!

One three is three	$1 \times 3 = 3$
Two threes are six	$2 \times 3 = 6$
Three threes are nine	$3 \times 3 = 9$
Four threes are twelve	$4 \times 3 = 12$
Five threes are fifteen	$5 \times 3 = 15$
Six threes are eighteen	$6 \times 3 = 18$
Seven threes are twenty one	$7 \times 3 = 21$
Eight threes are twenty four	$8 \times 3 = 24$
Nine threes are twenty seven	$9 \times 3 = 27$
Ten threes are thirty	$10 \times 3 = 30$

Threes are a little trickier to learn, but you already know some, like 5 x 3 and 10 x 3!!

0   3   6   9   12   15   18   21   24   27   30
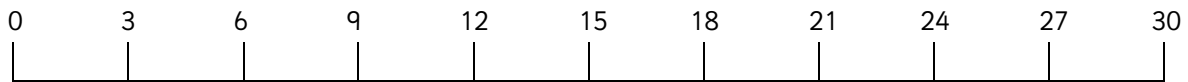

If you get stuck, try using the number line above.

1. 1 x 3 =

2. 3 x 3 =

3. 2 x 3 =

4. 10 x 3 =

5. 6 x 3 =

6. 9 x 3 =

7. 5 x 3 =

8. 8 x 3 =

9. 7 x 3 =

10. 1 x 3 =

11. 0 x 3 =

12. 6 x 3 =

13. 8 x 3 =

14. 5 x 3 =
