

Ho, ho ho! I have 9 reindeer to help me. Here are their names. Can you help me work out the answers to the questions below?

1. I have to give each reindeer five meals a day.
How many meals is that altogether?
2. I have to shoe the reindeer once a year.
How many hooves do they have altogether?
3. Each reindeer can carry 8 large parcels.
How many large parcels is that altogether?
4. The reindeer share 108 litres of water a day.
How much is that each?
5. The reindeer share wrapping up the presents.
They had 990 to wrap. How many did they each wrap?
6. The reindeer have 1 000 presents to deliver. They have
already delivered 150. How many have they left?
7. The reindeer travel at 120 miles an hour.
How far can they go in four hours?
8. Which is your favourite name?
Can you think of a name for a tenth reindeer?
9. Why not colour the reindeer at the top of the page!
