

The fish below are called numbers! Can you work out their names?

If I add 35 to my name the answer is 71.  
Who am I?

If I double my name the answer is 90.  
Who am I?

I am a 2-digit number. My digits total 5 and have a difference of 1.  
Who am I?

I am a 2-digit number. My digits total 12 and have a difference of 4.  
Who am I?

I am thinking of my name. If I halve it and add 3 the answer is 15. Who am I?
