

1.  $20 - 13 = \boxed{\phantom{00}}$       2.  $20 - 11 = \boxed{\phantom{00}}$

3.  $20 - 19 = \boxed{\phantom{00}}$       4.  $20 - 14 = \boxed{\phantom{00}}$

5.  $20 - 10 = \boxed{\phantom{00}}$       6.  $20 - 18 = \boxed{\phantom{00}}$

Take these numbers from 20:

7. 5  $\boxed{\phantom{00}}$       8. 9  $\boxed{\phantom{00}}$       9. 16  $\boxed{\phantom{00}}$

How many more to make 20?

10. 8  $\boxed{\phantom{00}}$       11. 15  $\boxed{\phantom{00}}$       12. 1  $\boxed{\phantom{00}}$

13.  $5 + \boxed{\phantom{00}} = 20$       14.  $13 + \boxed{\phantom{00}} = 20$

15.  $9 + \boxed{\phantom{00}} = 20$       16.  $17 + \boxed{\phantom{00}} = 20$
