

Sally's mum made a tally chart of the illnesses that her friends had when they were children. Use the chart to answer the questions below.

### ILLNESSES

Flu	###	###	###	//	
Measles	////				
Mumps	//				
Chicken pox	###	/			
Colds	###	###	###	###	////

1. How many children had flu?
2. How many children had mumps or measles?
3. How many more caught a cold than flu?
4. Which illness is the most common?
5. What is the total number of illnesses shown on the chart?
6. Do many children catch measles now?

Why not?

Make your own tally chart of illnesses that your family have had.

Compare it to the results above.

### Answers

1. 17      2. 6      3. 7

4. colds      5. 53      6. No. Vaccination at an early age.
