

Subtract a single digit from whole hundreds (2)

Maths worksheets from mathsblog.co.uk

Hi! Easy stuff today! They are all taking away a single digit from a multiple of 100. Just put the correct numbers in the boxes.

1. $400 - 4 =$

2. $800 - 6 =$

3. $300 - 3 =$

4. $200 - 7 =$

5. $500 - 2 =$

6. $600 - 5 =$

7. $900 - 8 =$

8. $700 - 9 =$

On the next set of questions write down how you worked out the answer in your head.

9. $300 -$ $= 295$

Explain:

10. $700 -$ $= 693$

Explain:

11. $500 -$ $= 496$

Explain:

Subtract a single digit from whole hundreds (2)
