

Multiply by 1 and 10

Be careful with these – but they are all ones and tens, so you shouldn't have too much trouble.

1. $1 \times \square = 7$

2. $10 \times \square = 50$

3. $1 \times \square = 9$

4. $10 \times \square = 20$

5. $\square \times 1 = 6$

6. $\square \times 8 = 80$

7. $\square \times 1 = 10$

8. $\square \times 10 = 30$

9. $10 \times \square = 90$

10. $6 \times \square = 60$

11. $3 \times \square = 3$

12. $10 \times \square = 70$

13. $5 \times \square = 5$

14. $10 \times \square = 80$

Multiply by one and ten.
