

25

Sarah had a bag of cherries.

She ate 5 cherries, then gave half of what she had left to Liam.

Liam ate 5 of his cherries, then gave half of what he had left to Amy.

Amy got 2 cherries.

How many cherries did Sarah have in her bag at the start?

Show  
your **working**.  
You may get  
a mark.

A large rectangular box for showing working. Inside the box, there is a smaller, empty rectangular box in the bottom right corner.
